Introduction

The Klamath and Lake Community Action Services Resource Guide was created to spread awareness of community supports in Klamath and Lake Counties in the State of Oregon. This is a one-stop shop of the available resources in Klamath and Lake Counties. This project was created with help from energy service providers and community organizations who serve Klamath and Lake Counties.

Many thanks to all those who played a part in the creation and maintenance of this guide.

Information is always changing. The best source of information is the organization that is running the program. If you have more questions, contact that organization.

Each page lays out who is eligible for the program in the rounded eligibility box.

The pin symbol shows what the service area of the program is.

Each page has contact information in a square box or beside a phone/email icon.

You can go to the website of the program by clicking on the link, or typing in the link on your device.

Bill Assistance

Energy Assistance Program

Klamath and Lake Community Action Services (KLCAS)

Klamath Co. & Lake Co.

Eligibility: Your income must be less than 60% of the State Median Income. Refer to the link below for an income chart. *

What: Energy assistance is a supplemental payment to help people stay warm in the winter and cool in the summer. The funds can be used for electricity, natural gas, propane, oil, wood, and wood pellets.

Benefit: Payments are calculated based on income, # of people in the home, and energy source.

Timeline: Winter: Nov. 1st for those 60 and older or disabled, Dec. 1st for rest of the rest of the public. Summer: June 1st for those 60 and older or disabled, July 1st for the rest of the public. You may apply once per season.

To apply you will need:

- A complete, signed, and dated application.
- A copy of photo ID for all household members over 18.
- Social security numbers for all family members.
- 60 days of income documentation.
- A copy of your energy bill or account number.

Weatherization Assistance

Oregon Human Development Corporation

Klamath & Lake

Eligibility: Your income must be at or below 200% of the federal poverty level. View the chart here: https://www.oregon.gov/ohcs/energy-weatherization/Pages/weatherization-services.aspx . Both renters and homeowners are eligible.

What: This program helps low-income households with home weatherization services. This includes insulation, repairs, and more. These services help you save on your energy bill and make your home more comfortable and healthy.

Benefit: Payment to vendors for installation of weatherization services in full.

Timeline: Begin with a brief telephone interview. Then, you will be put on the waitlist. When it is your turn, an energy audit inspection will be done and a contractor will contact you to set a date for installation.

To apply:
Call or fill out interest form online to begin.
You must have:

- Income verification,
- Identification,
- Social Security Card,
- Account numbers.

Home Improvements

Flexible Funds (Air conditioning)

Oregon Health Plan

Oregon

Eligibility: You must have Oregon Health Plan and be enrolled with a Coordinated Care Organization (CCO). See below.

What: Flex funds pay for items and services that can help you stay healthy. This can include air conditioning and filtration devices. **Your CCO will buy the item you request.** Contact your local CCO (below) for more information.

Timeline: After making a request, it can take up to two weeks to make a decision. You will hear from your CCO of their decision. If approved, you may pick up your item from the CCO or have it delivered to your address.

To apply: Your health care provider needs to submit the request for you. They must submit a completed *Flex Fund Request Form* to the CCO. Tell your provider:

- What kind of AC unit you need (window or portable).
- Relative size of the space you plan on cooling.
- Your delivery address.

To look forward to: The Inflation Reduction Act , signed by President Joseph R Biden on August 16, 2022. This law includes $391 billion to support clean energy and address climate change. This includes $8.8 billion in rebates for home energy efficiency and electrification projects to help Americans save on energy bills, upgrade their homes, and improve energy efficiency and air pollution. The Office of State and Community Energy Programs (SCEP) is working to distribute these funds soon. **

Community Solar

Oregon Community Solar Program

www.oregoncsp.org

Community solar is solar energy that is generated from a central location and shared by multiple owners or subscribers. That means you don't need your own rooftop panels to get it.

The Oregon Community Solar Program gives customers of Portland General Electric, Pacific Power, and Idaho Power the option to subscribe to a community solar project and receive credits back on their utility bill.
